The enclosed document is an Office Action from the European Patent Office for European Patent Application No. 95902950.5, which corresponds to the present U.S. application. The references cited in the Office Action (or their foreign counterparts) have already been considered by the U.S. Examiner in this application's parent and submitted in an Information Disclosure Statement in this application dated October 6, 1998 (FR-A-2205742 is related to JP58-1504 and U.S. Patent No. 3,778,654).

This submission does not represent that a search has been made or that no better art exists and does not constitute an admission that each or all of the listed documents are material or constitute "prior art." If the Examiner applies any of the documents as prior art against any claims in the application and applicant determines that the cited documents do not constitute "prior art" under United States law, applicant reserves the right to present to the office the relevant facts and law regarding the appropriate status of such documents.

Applicants further reserve the right to take appropriate action to establish the patentability of the disclosed invention over the listed documents, should one or more of the documents be applied against the claims of the present application. If there is any fee due in connection with the filing of this Statement, please charge the fee to our Deposit Account No. 06-0916.

Respectfully submitted,

FINNEGAN, HENDERSON, FARABOW
GARRETT & DUNNER, L.L.P.
